8. QUESTION PERIOD

9. CLOSED MEETING

In Alberta, when municipalities or public bodies transition into "closed sessions", they must formally state their authority to do so under the *Municipal Government Act (MGA)* RVA 2000 Chapter M-26, Section 197 and the *Access to Information Act (ATIA)/Protection of Privacy Act (POPA).*

If Council or a Council Committee allow one or more other persons to attend a closed meeting, the names of those persons and the reason for their attendance must be recorded in the minutes of the Council meeting.

A strict reminder that all discussions, documents, and recordings are confidential and cannot be disclosed to the public.

Once Council returns from Closed Session, 5 minutes will be required to allow the public time to return to the scheduled Council Meeting.

Please note that no back up material or information will be sent with the Agenda for the Closed Sessions and material circulated the meeting will be returned to the CAO and destroyed unless otherwise noted.

9.1. Lions Campground Contract – *Access to Information Act* (ATIA) – Section 30 – Disclosure harmful to economic and other interests of a public body

10. RECONVENE

11. ADJOURNMENT

Town of Didsbury
Request for Decision (RFD)

To:	*Didsbury Town Council*
From:	Nicole Aasen, Director of Community Services
Department:	*Community Services*
Date:	November 10, 2026
Subject:	Community Grant - Junior B 2027 Provincials Organizing Committee
Bylaw Number (If Applicable):	Not applicable.
Item Number:	*4.1.1.*

Recommendation(s) to Council:

That Council approve a Community Grant of $10,785 for the Junior B 2027 Provincials Organizing Committee to be used for the waiver of facility fees associated with hosting the 2027 Hockey Alberta Junior B Provincials, to be funded $7500 from the 2026 Community Grant fund and $3285 from the 2027 Community Grant fund.

Subject / Background:

Council heard a delegation from Gord Krebs this evening, on behalf of the Junior B 2027 Provincials Organizing Committee, requesting support from the Town of Didsbury through the Community Grant Program.

A 2026 Community Grant application has been received from the Junior B 2027 Provincials Organizing Committee to consider a waiver of facility fees (Arena Ice, Multi-Purpose Room, Curling Rink Surface) that are associated with the hosting of the 2027 provincials, scheduled for April 7-11, 2027. The value of the request is $10,785.

This application scored a 19/24 on the Evaluation Matrix.

Implications:

The 2026 Community Grant fund currently has an available value of $8,500.

Council may choose to fund this request through a combination of Community Grant funding in 2026 and 2027. Administration would suggest that the 2026 grant allocation could be $7500, leaving $1000 available for any additional requests received to year-end. The remaining $3285 could be funded through the 2027 Community Grant program.

Town of Didsbury
Request for Decision (RFD)

Please note that the Community Grant fund is contingent on a surplus from the previous year's budget, which cannot be calculated until after year-end. The 2027 Community Grant fund cannot be guaranteed until the 2026 financial year is closed.

Related Policies, Bylaws & Legislation:

Policy CS 003-26 - Community Grant Program

Previous Reports/Council Decisions (If Any):

At the October 13, 2026 meeting the following motion was passed:

Res. 354-26 - Moved by Councillor Murray that Council direct Administration to assist the Mountain View Colts Junior Hockey Club Provincial Committee with their questions around their application to the community grant program.

NOTE - Councillor Mahon recused himself from voting for perceived pecuniary interest.

Attachments:

Not applicable.

Other Options to Consider:

Council may choose to provide Community Grant Funding of a different value, or accept this request as information only.

Council Delegation

Introduction

Hi everyone, thank you so much for having us here tonight.

For those who might not know us well, the 3025 Didsbury Army Cadets is all about helping local youth grow into confident, community-minded adults. We teach everything from leadership and public speaking to outdoor survival, fitness, and teamwork. The best part is accessibility: it is completely free for families. We charge no registration fees and no uniform costs, making it open to every teenager, no matter their financial situation.

We are here tonight because we want to build a closer partnership with the Town. We need your help to find a safe, steady place for our youth to train so we can keep running this program right here in their home community.

The Current Situation & The Heart of the Challenge

Right now, we meet on Thursday nights at the historic Didsbury Train Station, and we are incredibly grateful to use it. It’s a beautiful piece of our town’s heritage. However, since we had to leave our last Local Headquarters last December, our corps has run into a severe crisis.

Since losing that stable headquarters, we have tragically lost half of our corps. The hard truth is that our youth currently do not feel as though they have a home.

To bring stability back to these kids and reverse this decline, we need a multi-purpose space that can handle our storage, a small office, classroom setups, and two specific training activities that the train station simply cannot support:

- **Marching Drill:** Drill teaches teamwork, discipline, and pride. To practice safely without bumping into walls, the kids need a wide, open floor—like a standard gym or a large community hall—especially during our long Alberta winters.
- **Our Marksmanship Program:** Our competitive shooting team uses Olympic-style, low-velocity air rifles. It’s incredibly safe and doesn't require a live-fire ballistics range, but it *does* require a straight, open 10-metre stretch. Because of the layout at the train station, we just can't set this up safely."

The Ask: Working Together

We want to be clear that we aren't here to ask the town for money or a brand-new building. Instead, we want to look at spaces Didsbury already has. We are asking for Council's help to find an existing underutilized space, or work with us to utilize a facility that already has the accommodations we need.

We would love to secure this space at no cost, or at least a heavily discounted community-group rate.

Securing a stable home here isn't just about saving our current unit—it's about our future. **Our vision is to aggressively grow this corps to become a regional hub, drawing in and supporting teens from Carstairs, Cremona, Crossfield, and Olds.** Didsbury has the opportunity to be the central home for youth leadership across our entire region.

Every single dollar our unit is forced to spend on commercial space rent is a dollar taken directly away from buying equipment and funding outdoor trips for these kids. By waiving these fees or helping us find a spot, the Town isn't losing out—you are investing public assets right back into regional youth."

The Return on Investment & Conclusion

We don't expect a free ride, and our cadets are more than ready to earn their keep through sweat equity. In exchange for your support, we pledge our youth as a premier volunteer force for the town. Whether it's helping set up for Didsbury Rodeo or other community events, our cadets will be there to roll up their sleeves and serve. As you are aware, our cadets have been participating in Remembrance Day services in Didsbury for years. Our cadets also stand vigil at the Didsbury Cenotaph at sunrise on November 11.

An investment in the 3025 Army Cadets is a direct investment in the future mayors, business owners, and community leaders of Didsbury and our surrounding areas.

We respectfully ask that Council direct town staff to look at what spaces or agreements might be available, and see if we can team up for a low-cost or no-cost space partnership. Thank you so much for your time, your leadership, and for helping us give these youth a place to call home again."

Town of Didsbury
Request for Decision (RFD)

To:	Didsbury Town Council
From:	Leonie-Arianne Becker, Legislative Advisor
Department:	Legislative Services
Date:	November 10, 2026
Subject:	3025 Didsbury Army Cadets Delegation Space Request
Bylaw Number (If Applicable):	Not Applicable.
Item Number:	4.2.2.

Recommendation(s) to Council:

That Council direct Administration to:

1. Work with the 3025 Didsbury Army Cadets to identify the facility and scheduling requirements for their regular parade and training activities;

2. Investigate available Town-owned, community, and other suitable facilities that may meet those requirements; and

3. Return to Council with available options, including associated costs and recommended next steps, for Council's consideration.

Subject / Background:

In September, representatives of the 3025 Didsbury Army Cadets reached out to request an opportunity to appear before Council to introduce the Cadet program, outline challenges currently being experiences by the Corps, and discuss potential opportunities for Town support.

The Corps has identified the lack of a consistent parade and training space as an ongoing challenge. A regular facility would provide the Cadets with a dependable location for weekly programming and would support the continued delivery of the program to youth in the Didsbury community.

The Cadet program provides opportunities for youth to develop leadership, teamwork, citizenship, physical fitness, discipline, and other skills through structured programming and community involvement

Implications:

No immediate financial commitment is proposed through the recommendation. Any future financial or facility-related commitments would be subject to Council's consideration and approval.

Didsbury Municipal Library

A Welcoming Space for All

Vision

The Didsbury Municipal Library is a community hub that makes the world of information, imagination, and ideas freely accessible to all.

2026 Highlights

GROWTH IN DIGITAL CHECKOUTS

TOP COLLECTIONS: ADULT FICTION, PICTURE BOOKS, DVDS, AND JUNIOR GRAPHIC NOVELS.

AS OF THE END OF OCTOBER, WE HAVE HAD 5477 PROGRAM ATTENDEES

DURING OUR SUMMER READING PROGRAM THERE WERE 700 VISITS.

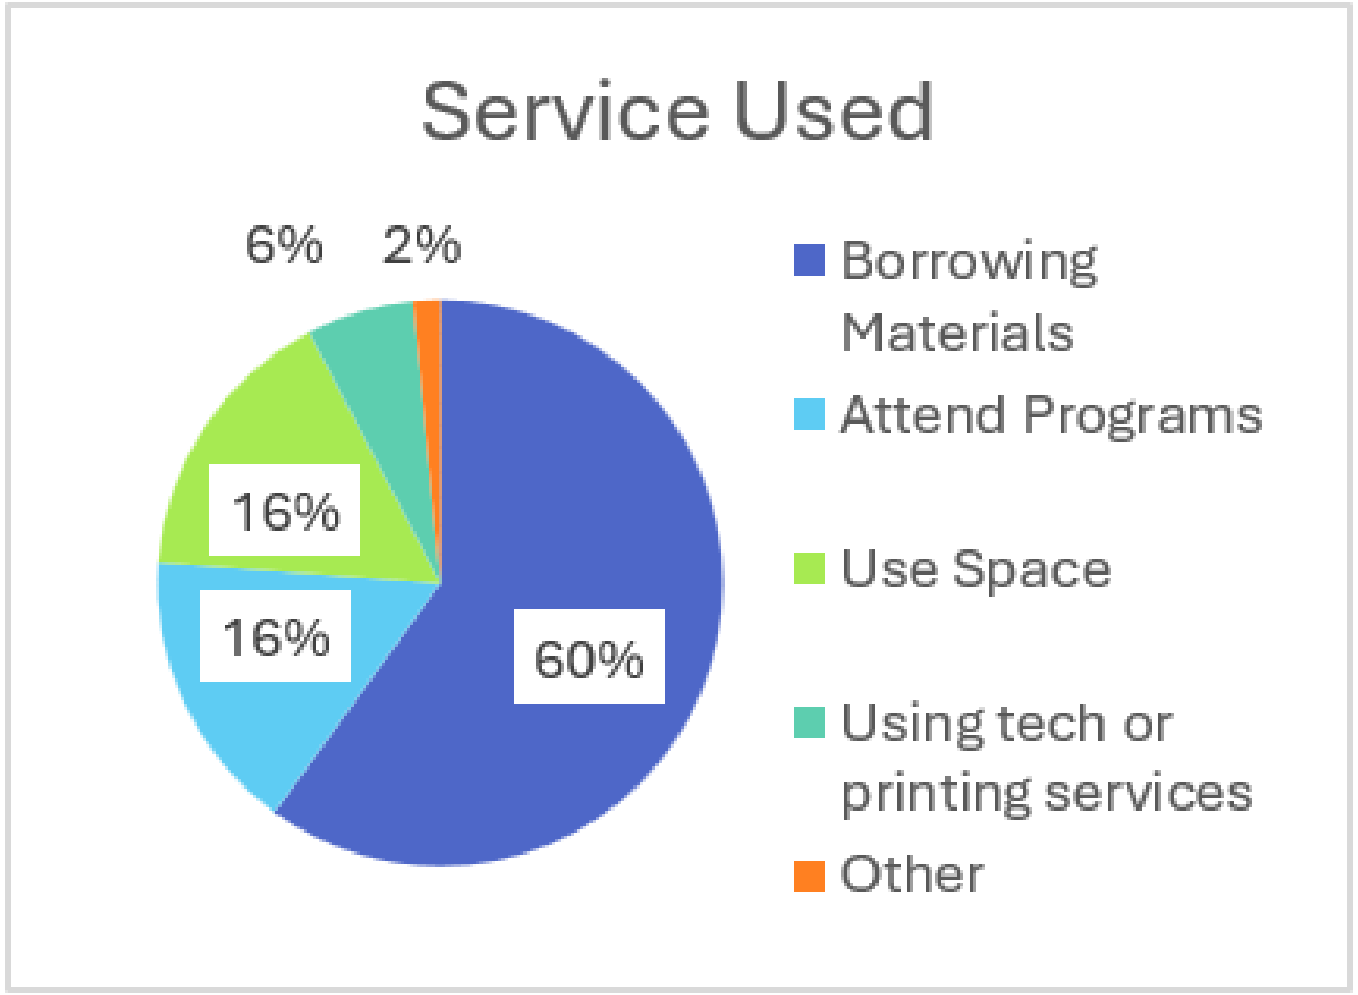

WE HAD 3 CAPITAL PROJECTS TO UPDATE THE SPACE AND INCREASE FUNCTIONALITY FOR PATRONS.

MVC COMIC-CON HAD 800 ATTENDEES ON ONE DAY.

Community Input = Community Needs

Quotes From the Community...

I think you are doing a great job of serving the community.

Keep up the great service and if anything increase hours

Such a great community gathering spot. I love coming in the afternoons and seeing the place bustling with people of all ages.

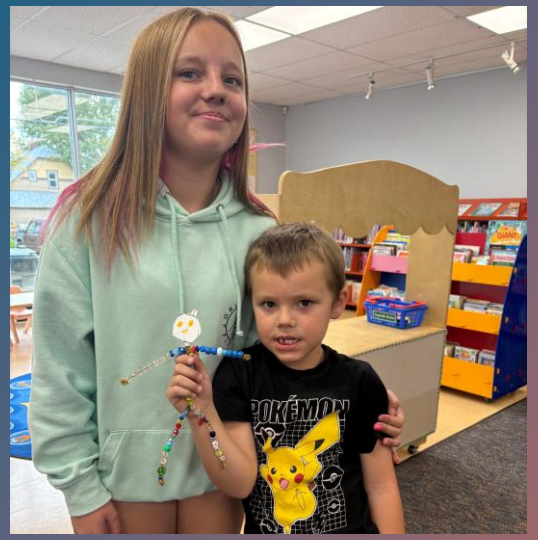

I love how welcoming and diverse the library is. The acceptance of all types of lifestyles and exposure to diverse cultures makes Didsbury a more caring and kind community. Thanks for all you do!!

You guys are great and a critical service for the community, both as a learning and resource hub, but also as a social and third space for the community.

I love that there is a place to donate food, so people can come in and take what they need without having to go through an approval process. This helps people preserve their dignity.

i love that i hang out here with my friends and not feel judged or nerdy lol

it would be nice to see more of a reaching out to the Christian community in our town. I have heard of other libraries labelling books that are Christian. It would be great if we also made an effort to do that in our local library as well.

2026-2030 Focus Areas
Our Plan of Service

- Focus Area 1 People Exploring ideas together: The library strengthens community connections and serves as a central gathering hub.
- Focus Area 2 Resources for information: Access to the world of information is valuable and provides opportunities.
- Focus area 3 Connect in a Welcoming Space: The library is a space that helps people feel welcome and comfortable.

Action Items: Moving Forward

- Maximize hours of operation in response to patron needs
  - Use annual service results
- Build a Partnership plan to provide sponsorship activities for local businesses.
- Equip staff with tools and training to support growth
  - Annual learning plans for staff
  - Health and safety training
- Capital purchases: new chairs used for programming.
- Work on a program with senior's facilities to ensure access to materials for those community members that cannot physically get to the library.
- Empower adult learners with digital skills needed for employment, social connection, and personal enrichment

Support from The Town of Didsbury

2026 Municipal operating grant: $282357*

2027 Municipal operating grant request: $254577

7.36% increase

- *The 2026 funding had the MVC grant built in
- In 2026 the Didsbury Library signed an independent agreement with the county and funding will be separate. The county will pay an operating grant $46796 in 2027
- The Library funding remains below the amount funded in 2019, after an extreme budget cut in 2020 of $30,000 (2019: $261 135; 2020: $228 492)
- We continue to work on grants and donations contributing to the Library budget

Thank you

Town of Didsbury
Request for Decision (RFD)

To:	*Didsbury Town Council*
From:	Amanda Riley, ACAO / Director of Corporate Services
Department:	*Corporate Services*
Date:	November 10, 2026
Subject:	Utility Charges Bylaw 2026-18 First Reading
Bylaw Number (If Applicable):	2026-18
Item Number:	*5.1.*

Recommendation(s) to Council:

That Council give First Reading to Bylaw 2026-18, being the Utility Charges Bylaw.

Subject / Background:

The utility services, being the water, wastewater, and solid waste departments, are all self-supported departments, meaning that the operating budgets of the departments are funded primarily from utility charges and, therefore, do not rely on tax revenue. The Utility Charges Bylaw is presented to Council annually for adjustment.

Revised rate are incorporated into the bylaw to reflect the changes required for the 2027 Utility Operating Budget.

Water Service Charges	2026 Rate	2027 Rate	2026 - 2027 Rate Changes	
Infrastructure Fee (under 1")	$ 27.25	**$ 27.25**	$ -	0.0%
Infrastructure Fee (1 1/4" - 2")	$ 108.50	**$ 108.50**	$ -	0.0%
Infrastructure Fee (3" - 4")	$ 244.00	**$ 244.00**	$ -	0.0%
Water Consumption Rate (per m3)	$ 3.65	**$ 4.16**	$ 0.51	14.0%
Water Distribution Rate (per m3)	$ 1.65	**$ 1.98**	$ 0.33	20.0%

Town of Didsbury
Request for Decision (RFD)

Wastewater Service Charges	2026 Rate	2027 Rate	2026 - 2027 Rate Changes	
Infrastructure Fee (under 1")	$ 10.50	**$ 11.40**	$ 0.90	8.6%
Infrastructure Fee (1 1/4" - 2")	$ 40.75	**$ 45.45**	$ 4.70	11.5%
Infrastructure Fee (3" - 4")	$ 91.70	**$ 102.25**	$ 10.55	11.5%
Wastewater Distribution Rate (per m3)	$ 1.45	**$ 1.55**	$ 0.10	6.9%
Wastewater Service Only	$ 26.75	**$ 29.95**	$ 3.20	12.0%

Solid Waste Service Charges	2026 Rate	2027 Rate	2026 - 2027 Rate Changes	
Solid Waste Service Fee	$ 20.00	$ 17.00	$ (3.00)	-15.0%
Additional Black Bin Service (Garbage)	$ 7.50	$ 7.50	$ -	0.0%
Additional Green Bin Service (Compost)	$ 2.50	$ 2.50	$ -	0.0%
Replacement Bin	$ 120.00	$ 120.00	$ -	0.0%
Change of Service Fee (Black Bin)	$ 35.00	$ 35.00	$ -	0.0%
Change of Service Fee (Green Bin)	$ 15.00	$ 15.00	$ -	0.0%
One Time Composter Rebate	$ (50.00)	$ (50.00)	$ -	0.0%

Implications:

Notable changes in the 2027 Utility Operating budget include:

1. Change to Water Rates charged by Mountain View Regional Water Services Commission - The rates will increase from $2.53 per cubic meter to $2.80 per cubic meter on April 1, 2027.

2. Change to Tipping Fees charged by Mountain View Regional Waste Management Commission - the Rates will increase from $100 per MT of residential waste to $110 per MT of residential waste.

3. Transition of Recycling Service to Circular Materials. The Town is no longer responsible for the collection and disposal of recycling bins and therefore the costs have been eliminated in the 2027 budget. The additional blue bin charge has also been eliminated.

4. Increase to Waste Commission annual fees as part of Mountain View Regional Waste Management Commission membership agreement from $34,121 to $37,938 annually.

The Utility Charges have been revised in order for the proposed 2027 Utility Operating Budget to break even. The impact on a typical residential user, using 12 cubic meters per month of water is as follows:

Town of Didsbury
Request for Decision (RFD)

Typical Residential Charges		2026 Rate		2027 Rate	2026 - 2027 Rate Changes	
Water Fixed Monthly Fee	$	27.25	$	27.25	-	0.0%
Wastewater Fixed Monthly Fee		10.50		11.40	0.90	8.6%
Water Variable Fee		63.60		73.68	10.08	15.8%
Wastewater Variable Fee		17.40		18.60	1.20	6.9%
Solid Waste Fee		20.00		17.00	(3.00)	-15.0%
Total	**$**	**138.75**	**$**	**147.93**	**9.18**	**6.6%**

Previous Reports/Council Decisions (If Any):

N/A

Attachments:

Bylaw 2026-18 Utility Charges Bylaw

Other Options to Consider:

It is recommended that Council give first reading to the bylaw. If Council wishes to see changes to the fee schedule, an adjustment to the 2027 proposed budget is required, as the fees are calculated a result of the number of users, estimated consumption of water and the operating budget expenditures for the year.

TOWN OF DIDSBURY
Utility Charges Bylaw
Bylaw No. 2026-18

A BYLAW IN THE TOWN OF DIDSBURY FOR REGULATING AND PROVIDING FOR THE TERMS, CONDITIONS, RATES AND FEES FOR THE SUPPLY AND USE OF WATER, WASTEWATER and SOLID WASTE SERVICES.

WHEREAS, pursuant to section 3(b) of the *Municipal Government Act*, being the Revised Statutes of Alberta 2000, Chapter M-26, as amended, the purposes of a municipality are to provide services, facilities or other things that, in the opinion of Council, are necessary or desirable for all or a part of the municipality; and

WHEREAS, pursuant to section 7(g) of the *Municipal Government Act* a Council of a municipality may pass bylaws for municipal purposes respecting public utilities; and

WHEREAS, it is deemed just and proper to levy a water service rate on all Persons occupying property connected with the water system of the Town to assist with the costs of constructing and maintaining the system including the cost of treatment and distribution of water; and

WHEREAS, the Town of Didsbury is a member of Mountain View Regional Water Services Commission, a municipally owned corporation which operates the Anthony Henday Regional water system and delivers water to the Town; and

WHEREAS, it is deemed just and proper to levy a wastewater service rate on all Persons occupying property connected with the wastewater system of the Town to assist with the costs of constructing and maintaining the system including the cost of treatment and distribution of wastewater; and

WHEREAS, it is necessary to protect both the systems and the environment; and

WHEREAS, the Town of Didsbury is a member of Mountain View Regional Waste Management Commission, a municipally owned corporation, which operates a regional landfill and receives solid waste from the Town.

NOW, THEREFORE, the municipal Council of the Town of Didsbury, in the Province of Alberta, duly assembled, enacts as follows:

1. Short Title
   This Bylaw shall be known as the "Utilities Charges Bylaw"

2. Definitions

   Customer means an individual, partnership, or corporation who is an Owner of the Lands and for whom an application for utility service for those Lands is received.

   Dwelling Unit means a complete building or self-contained portion of a building for the use of one or more individuals living as a single housekeeping unit, containing sleeping, cooking and separate toilet facilities intended as a permanent residence.

   Eligible Residence means a residential building, which contains four or less dwelling units.

   Fixed means a flat monthly charge, which does not fluctuate month to month.

   Variable mean charges that are based on water consumption for the billing period.

3. Paramount Rules

   3.1 If the provisions in any other bylaw conflict with the rules in this Bylaw, this Bylaw will prevail.

4. General Provisions

   4.1 All utility service charges and fees referred to in this bylaw are set out in Schedule "A" and shall form part of this bylaw.

   4.2 Utility departments in the Town of Didsbury are self-supported, therefore are not subsidized by property taxes.

   4.3 For rate accuracy and justification, each utility service (water, wastewater and solid waste), is its own product line and is budgeted for and accounted for separately.

4.4 All customers receiving utility services shall pay the utility charges and fees.

4.5 Water and Wastewater Infrastructure Fees are fixed and will cover debt coverage and future capital investment.

4.6 Water Consumption Charges are variable and will cover the cost of water from the Mountain View Regional Water Services Commission.

4.7 Water and Wastewater Distribution Charges are variable and will cover the cost of operations and maintenance associated with the system.

4.8 Solid Waste Service Fees are fixed and will cover all costs associated with the solid waste utility.

4.9 Where service to a customer is to be discontinued, a final billing shall be calculated on a pro-rated basis for the number of days the property was owned by the customer for all fixed charges, and based on the consumption determined by the final meter read for all variable charges.

4.10 Charges will be added to the utility account for the purposes of administering the printing and mailing of each utility bill sent to each customer or approved recipient. The Printed Utility Bill Fee shall be waived for each month where postal service is disrupted or unfeasible.

5. Water and Wastewater Utility Charges:

5.1 A water and wastewater Infrastructure Fee will be determined annually based on the customer's connected water meter size.

5.2 In the case of non-use of service(s), each customer shall continue to pay an infrastructure fee.

5.3 Consumption and distribution rates will be determined annually in accordance with the annual collective water consumption.

5.4 Where the calculation of a utility charge is based on the consumption of water, the quantity used shall be determined from the current and previous water meter readings as recorded by the Town, or if an actual water meter reading is not available, by an estimated consumption based on the previous average consumption of the service.

5.5 Where a serviced property is located outside of the Town of Didsbury municipal boundary, a security deposit must be paid to the Town of Didsbury prior to services being provided due to the inability to transfer unpaid accounts to the tax roll.

5.6 Where a serviced property is located outside of the Town of Didsbury municipal boundary, a surcharge of 35% on all charges will be applied.

5.7 If any part of a utility bill remains unpaid after the due date specified on the utility bill, a penalty shall be added and will compound on the charges of each monthly bill.

5.8 Where a utility service account remains delinquent in excess of sixty (60) days, the outstanding balance and penalties may be added to the municipal tax roll in accordance with the *Municipal Government Act* s. 553(1).

5.9 If payment is not received (30) days after the due date specified on the utility bill, the water service may be turned off and not turned on until such time as the utility account including arrears and a reconnection fee is paid in full.

5.10 If payment is declined under the pre-authorized payment plan, the pre-authorized party may be disqualified from the pre-authorized payment plan.

5.11 No reduction in charges shall be made for any interruption in water or wastewater services during a billing period.

5.12 The Town shall levy utility charges for all customers on a monthly basis.

5.13 Any customer to whom utility services have been shut off, shall, upon having paid any utility fees owing, and upon requesting the Town to restore utility services, pay to the Town a non-refundable shutoff fee and a separate reconnection fee.

5.14 Any debit or credit adjustments to a customer's account for utility services that may be required will be applied

up to a maximum of one year.

5.15 The charge for Water and Wastewater Infrastructure Fees will apply even where there is no water and/or wastewater being consumed except in the case in which the water meter has not been installed.

6. Utility Services to Tenants

6.1 Utility bills will be issued to the owners of the property. The owner may request a duplicate copy be sent to the tenants. Information or account changes regarding the utility account shall be communicated solely with the owner of the property.

6.2 The property owner(s) may authorize any tenant(s) to be provided with the account information.

7. Solid Waste Service Fees:

7.1 The property owner of a premises receiving Solid Waste Services from the Town is charged a fee.

7.2 A Solid Waste Service Fee for Residential Garbage (black bin) and Residential Compost (green bin) collection shall be determined annually.

7.3 The service fee shall be charged to each eligible residence receiving the solid waste utility service.

7.4 Additional fees for each added black bin and green bin will be determined annually. Each additional collection container shall be charged a fee.

7.4.1 Thirty (30) days' notice is required when additional collection containers are added or removed.

7.5 The charge for Solid Waste Services will apply even where there is no Solid Waste set out for collection.

7.6 An administrative fee for any change of service will be charged.

8. Transitional

8.1 Should any provision of this bylaw be found by a court of competent jurisdiction to be void, invalid, or unenforceable, all other provisions of this bylaw shall remain valid and enforceable.

8.2 Utility Charges Bylaw 2022-20 is hereby repealed.

8.3 This bylaw shall take effect on January 1, 2027 and upon being duly signed.

Town of Didsbury
Request for Decision (RFD)

To:	*Didsbury Town Council*
From:	Amanda Riley, ACAO / Director of Corporate Services
Department:	*Corporate Services*
Date:	November 10, 2026
Subject:	Bylaw 2026-19 Assessment of Designated Manufactured Homes in Manufactured Communities Bylaw
Bylaw Number (If Applicable):	2026-19
Item Number:	*5.2.*

Recommendation(s) to Council:

That Council grant First Reading to Bylaw 2026-19, being the Assessment of Designated Manufactured Homes in Manufactured Home Communities Bylaw.

Subject / Background:

The Town of Didsbury currently maintains a bylaw regarding the designation of assessed persons for designated manufactured homes located with manufactured home communities. Upon an operational review of the bylaw it was noted an update should occur to ensure best practices and operational clarity.

Under Section 304(1)(j)(ii) of the Municipal Government Act (MGA), RSA 2000, c M-26, municipalities may pass a bylaw designating the owner of a manufactured home community as the "assessed person" for the designated manufactured homes located within it. A bylaw passed under this section must be advertised and has no effect until the beginning of the year commencing at least 12 months after the bylaw is passed and therefore would come into effect on January 1, 2028. The current bylaw would remain in effect until that date.

The purpose for passing a bylaw to this effect is for effective collection of taxation related to the properties located within a manufactured home community. If the taxes or utilities of a designated manufactured home in a manufactured home community go unpaid, the assessed person, being the manufactured home community under this bylaw, will be legally obligated to pay the outstanding amounts. This bylaw does not stop the owner of the designated manufactured home to pay their tax or utility bills associated with their property directly.

Passing an updated bylaw ensures transparency for park owners and residents while protecting the Town's tax recovery processes.

Town of Didsbury
Request for Decision (RFD)

Implications:

Under the bylaw, the Assessed Person is deemed to be the Manufactured Home Community, who is legally obligated to pay the outstanding tax amounts.

TOWN OF DIDSBURY
Assessment of Designated Manufactured Homes in Manufactured Home Communities
2026-19

BEING A BYLAW OF THE TOWN OF DIDSBURY, IN THE PROVINCE OF ALBERTA, TO DESIGNATE THE ASSESSED PERSON FOR A DESIGNATED MANUFACTURED HOME LOCATED IN A MANUFACTURED HOME COMMUNITY AS THE OWNER OF THE MANUFACTURED HOME COMMUNITY.

WHEREAS, section 304(1)(j)(ii) the *Municipal Government Act,* R.S.A 2000, c. M-26 enables the council of a municipality to pass a bylaw designating the owner of a manufactured home community to be the assessed person for all designated manufactured homes and any other improvements located on the site and owned or occupied by the person occupying the designated manufactured home located in the manufactured home community, and the municipality wishes to pass such a bylaw.

WHEREAS, the municipality must annually prepare an assessment roll for assessed property in the Town and the name of the assessed person who is liable to pay property tax; and

WHEREAS, certain properties designated as manufactured home communities are situated in the Town, the property is designated in the land use bylaw as a manufactured home community, and the assessed property contains at least three (3) designated manufactured home sites that are rented or available for rent.

NOW, THEREFORE, the municipal council of the Town of Didsbury, in the Province of Alberta, duly assembled, enacts as follows:

Short Title

1. This Bylaw may be cited and referred to as “Manufactured Home Community Assessed Person Bylaw”.

Definitions

2. Unless otherwise set out in this bylaw, all terms shall be as defined in the *Municipal Government Act*.
3. Notwithstanding the above, the following definitions apply in this Bylaw:
   3.1. “Assessed Person” means a person who is named on an assessment roll in accordance with section 304 of the *Municipal Government Act*;
   3.2. “Designated Manufactured Home” means a manufactured home, mobile home, modular home or travel trailer;
   3.3. “Manufactured Home Community” means a parcel of land that
      a) is designated in the land use bylaw of the Town of Didsbury as a manufactured home community, and
      b) includes at least 3 designated manufactured home sites that are rented or available for rent.

Designated Assessed Person

4. The Assessed Person for all assessments of any Designated Manufactured Homes on a site in a manufactured home community and any other improvements located on the site and owned or occupied by the person occupying the designated manufactured home shall be the owner of the designated manufactured home or the owner of the manufactured home community.
5. As the Assessed Person, the owner of the Manufactured Home Community is liable for all taxes imposed pursuant to section 331 of the *Municipal Government Act.*

Severability

6. All provisions of this bylaw are independent from all other provisions. If any provision is declared to be invalid by a court of competent jurisdiction, that provision shall be severed and all other provisions shall remain valid and enforceable.

Transitional

7. Taxation of Mobile Units in Manufactured Home Parks Bylaw 2021-11 is hereby repealed.
8. This Bylaw comes into full force and effect on January 1, 2028.

Read a first time this __ day of _____, 2026

Read a second time this __ day of _____, 2026

Read a third and final time this __ day of _____, 2026

Signed on this ____ day of _____, 2026

Mayor – Chris Little

Chief Administrative Officer – Vanessa Van der Meer

TOWN OF DIDSBURY
Taxation of Mobile Units in Manufactured Home Parks
Bylaw No. 2021-11

BEING A BYLAW OF THE TOWN OF DIDSBURY, TO PROVIDE FOR THE ASSESSMENT AND TAXATION OF MOBILE UNITS LOCATED IN THE MANUFACTURED HOME PARK TO THE OWNER OF THE MANUFACTURED HOME PARK.

WHEREAS, the *Municipal Government Act,* R.S.A. 2000, c. M-26, Section 304 (j) (ii) as amended, provides that the Council of a municipality may pass Bylaws authorizing assessing the owner of a manufactured home park for all designated manufactured homes in a given park; and

WHEREAS the Town must prepare annually an assessment roll for assessed property in the Town and the name of the assessed person who is liable to pay property tax; and

WHEREAS certain properties designated as manufactured home parks are situated in the Town, upon which more than three (3) designated manufactured homes and which are subject to assessment by the Town for the purposes of property taxation.

NOW THEREFORE, the Council of the Town of Didsbury, in the Province of Alberta, duly assembled enacts as follows:

1. SHORT TITLE

   1.1 This Bylaw may be referred to as the "Taxation of Mobile Units in Manufactured Home Parks Bylaw".

2. DEFINITIONS

   In this Bylaw, unless the context otherwise requires:

   The terms "manufactured home community," "manufactured home park," designated manufactured home," "assessed property" and "improvement" shall have the meaning as defined in Part 9 of the *Municipal Government Act* and all other terms shall be interpreted with reference to the *Act.*

3. EFFECTIVE DATE

   3.1 This Bylaw shall come into force on January 1, 2022.

Read a First time on this 9th day of November 2021

Read a Second time on this 14th day of December 2021

Read a Third and Final time on this 14th day of December 2021

Date:	November 10, 2026
Subject:	*Council Remuneration and Professional Development Policy*
Bylaw Number (If Applicable):	*Not applicable.*
Item Number:	*5.3.1*

Recommendation(s) to Council:

Recommended:

1. That Council RESCIND the following policy: COUN 001-26 *Council Remuneration and Professional Development Policy;*

2. That Council RESCIND motion Res. 370-26 - Moved by Councillor Quantz - That Council APPROVE Policy COUN 2026-001 Council Remuneration and Professional Development Policy.
   Motion Carried.

3. That Council APPROVE Policy COUN 2026-002 *Council Remuneration and Professional Development Policy, with the following changes:*

   a) Updated standardized formatting that will be applied to all Town policies, moving forward.
   b) Per diem rates have been compared against those for similar municipalities and have been adjusted accordingly including a simplification of the per diem rate to either a full day (greater than 4 hours) or a half day (4 hours or less).
   c) The total per diem meal allowance may now be used to cover the cost of a single dinner meal.
   d) Dietary restrictions are acknowledged as an acceptable reason for submitting an expense claim when the food provided was not appropriate.
   e) The Mayor is designated as the approving authority for the other Councillor's timesheets and expense claims, prior to submission to Administration.
   f) The Deputy Mayor is designated as the approving authority for the Mayor's timesheets and expense claims, prior to submission to Administration.
   g) Organizational meetings added to Per Diems.
   h) Municipal Planning Commission hourly rate ($38.73) added to the 'Council Remuneration' table in Appendix A.

COUNCIL REMUNERATION & PROFESSIONAL DEVELOPMENT POLICY

Council
COUN 2026-002

TOWN OF DIDSBURY POLICY INDEX	
Policy Number:	COUN 2026-002
Policy Owner:	Council
Adopted By:	Council
Adoption Date:	
Effective Date:	
Date Last Reviewed:	
Related Bylaws:	Not applicable.

Purpose

1. The Municipal Government Act establishes Council as the governing body of the municipality and, as such, allows for the compensation of Elected Officials for the duties performed. Council recognizes the need to have training and development opportunities available to ensure that Council Members remain educated and informed on governance-related matters. The purpose of this policy, therefore, is to outline the type and frequency of remuneration and professional development for the Town of Didsbury Elected Officials.

Policy Statement

2. The Town of Didsbury recognizes the need to use Town funds in a prudent and fiscally responsible manner. Council members and Administration shall endeavour to use the most economical and reasonable accommodations, bookings, and travel plans to the best of their ability.

Policy

3. General Principles

3.1. The Council members of the Town of Didsbury recognize their duties as councillors as established Part 5 of the Municipal Government Act.

3.2. Administration shall endeavour to book standard accommodation, registrations, and travel and facilitate timely cancellations being mindful of Council's supports of the principle of fiscal responsibility.

3.3. Any Cost of Living Adjustment (COLA) approved by Council shall be applied to the Stipend and Per Diem rate as set out in Schedule A unless otherwise resolved by Council.

3.4. Council members attending meetings or events in the stead of the Mayor shall be compensated an Acting Pay Stipend as set out in Appendix A per day.

4. Stipend

4.1. Members of Council shall be compensated with a monthly Stipend at the rates set out in Appendix A.

4.2. The Stipend shall be used to compensate members of Council for the following Regular Duties:

4.2.1. Regular Council Meetings;

4.2.2. Meetings with agencies and community partners;

4.2.3. Meetings with the Chief Administrative Officer or designates;

4.2.4. Preparation for Council and Committee meetings;

4.2.5. Regular cyber security training;

4.2.6. Speaking, welcoming, or attending public events in an official capacity;

4.2.7. Emergency events;

4.2.8. Town of Didsbury open houses, public hearings, engagement sessions;

4.2.9. Informal duties.

5. Per Diem

5.1. In addition to the Stipend, Council members shall be compensated with either a full or half-day per diem for participation in the following:

5.1.1. Internal and external Committee, Agencies, Boards, and Commissions;

5.1.2. Budget Meetings;

5.1.3. Organizational Meetings;

5.1.4. Special Council Meetings;

5.1.5. Council Workshops;

5.1.6. Required Training;

5.1.7. Professional Development Opportunities;

5.1.8. Travel time for meetings outside of Didsbury;

5.1.9. Other events as approved by motion of Council.

5.2. The minimum claim is half a day, unless otherwise agreed to by Council; claims shall be rounded up to the nearest half day or full day.

5.3. Council members compensated by an external Committee, Agency, Board, or Commission shall not be compensated at the per diem rate.

6. Internet Allowance

6.1. Members of Council shall be reimbursed for the use of their personal internet at the monthly rate set out in Appendix A.

7. Travel and Subsistence

7.1. While traveling on Town business, Council members may submit an Expense Claim for eligible Travel Expenses that were paid for by the Council member.

7.2. All Expense Claims must be submitted with the accompanying itemized receipt(s) and may be claimed at the amount shown on itemized receipts submitted.

7.3. Council members shall not claim reimbursement of alcohol, tobacco, or marijuana as part of an Expense Claim.

7.4. The maximum gratuity rate shall be 20% of the actual Travel Expense.

7.5. The Town will provide a per diem (meal allowance) at the rates set out in Appendix "A" for meals consumed when attending a PDO.

7.5.1. A single dinner meal may use the sum total of the allowable per diem meal allowance that is set out in Appendix "A"

7.6. With the exception of cases where dietary restriction require alternatives, no Expense Claims may be submitted for any meals or meals that were purchased in lieu of consumption of scheduled meals provided by an event which the claimant is attending.

7.7. No expense paid for any person other than a Town of Didsbury Council Member shall be submitted as an Expense Claim.

7.8. Members of Council may submit an Expense Claim for the mileage rate as established by the Canada Revenue Agency per kilometer rate.

7.9. Council members shall not book their own registrations, accommodations, or flights unless otherwise requested by the Chief Administrative Officer.

8. Professional Development

8.1. Administration shall provide to Council a list of Professional Development Opportunities (PDOs) available in the year; updates may be made available throughout the year as suitable opportunities arise.

8.2. Council members may be compensated for the full day per diem rate for attendance at a PDO from the date that the PDO commences to the date on which it concludes. Commencement of the PDO is considered to commence the first date that an educational session occurs.

8.3. Each Council member will have discretion in undertaking listed PDOs and do not require motion of Council to attend.

8.4. Any opportunities that Council members would like to pursue outside of the prescribed Professional Development Budget must be submitted to Council for due consideration and decision.

8.5. Council members may provide a written report to Council on all PDOs prior to submitting an Expense Claim for that PDO.

8.6. Council members shall be responsible for reimbursing the Town the registration fee(s) for non-attendance unless due to extenuating circumstances, as approved by Council.

8.7. The Town is not responsible for expenses which are unrelated to the Council member's PDO, including for spousal/partner attendance.

9. Submission and Approval of Council Remuneration Forms

9.1. Timesheets for members of Council will be considered complete when signed by the Mayor and submitted to Administration.

9.2. Timesheets for the Mayor will be considered complete when signed by the Deputy Mayor and submitted to Administration.

9.3. Members of Council must submit a completed monthly Expense Claim form to Administration by the third day of each month.

9.4. An Expense Claim shall be considered complete when it has been signed by the Council member, the Mayor, and submitted to Administration.

9.5. In the case of an Expense Claim submitted by the Mayor, it shall be considered complete when it has been signed by both the Mayor and the Deputy Mayor, and submitted to Administration.

9.6. Administration may make minor adjustments or corrections to a Council member's submitted Expense Claims to reflect consistent meeting times and attendance which shall be communicated to the affected member of Council.

9.7. Any errors, omissions, or Expense Claims inconsistent with the provisions of this policy may result in the claim being denied.

9.8. Any dispute over the suitability of a specific claim or timesheet may be presented to Council for due consideration and decision.

9.9. Expense Claims received after the third day of the month may be processed in the current or following pay period.

10. Review of Council Compensation

10.1. In the year of an election, Council shall undertake a thorough review of this policy, and make any revisions they feel appropriate to take effect at the start of the next term.

10.2. Annually, the Appendix A shall be reviewed during the budget process.

11. Financial Reporting

11.1. Council Expense Claims shall be posted to the Town of Didsbury website.

11.2. Council's Professional Development and Year-to-Date Actuals will be included in the Council Report quarterly.

Appendix A – Council Remuneration & Meal Allowances

Town of Didsbury
Request for Decision (RFD)

To:	Didsbury Town Council
From:	Leonie-Arianne Becker, Legislative Advisor
Department:	Legislative Services
Date:	November 10, 2026
Subject:	Rosebud Health Foundation – Didsbury Hospital Digital X-Ray Equipment Funding Partnership
Bylaw Number (If Applicable):	Not applicable.
Item Number:	7.1.1.

Recommendation(s) to Council:

That Council thank the Rosebud Health Foundation and accept this as information and ask Administration to add this to our 2027 documentation for budget recommendations

Subject / Background:

This space would details any relevant background info. Keep/expand the table or delete it if needed.

On October 9, 2026, the Town received a funding partnership request from the Rosebud Health Foundation seeking municipal support for the purchase of new digital diagnostic imaging equipment at the Didsbury Hospital.

The Foundation is seeking to establish a regional funding partnership with the Town of Didsbury, the Town of Carstairs and Mountain View County to support the purchase of new digital X-ray equipment. The proposed equipment includes a Carestream DRX In-Room Retrofit System and DRX Transportable Lite Tablet with three LUX HD Detectors.

The total quoted cost of the equipment, dated September 23, 2026, is $149,035.00. The proposed upgrade is intended to support diagnostic imaging services at Didsbury Hospital and contribute to the continued delivery of health-care services close to home for residents throughout the region.

The Foundation is requesting municipal contributions calculated at $3.00 per capita, based on current population figures. The requested contribution from the Town of Didsbury is $15,558.00.

The Foundation intends to work collaboratively with Alberta Health Services (AHS) and its municipal partners to proceed with ordering and purchasing the equipment in 2027.

Administration is presenting the request for Council's consideration.

Town of Didsbury
Request for Decision (RFD)

Implications:

The requested contribution from the Town of Didsbury is $15,558.00. Should Council wish to participate in the funding partnership, a funding source will need to be identified.

Related Policies, Bylaws & Legislation:

Not applicable.

Rosebud Health Foundation Q&A
Population Methodology Documentation

Other Options to Consider:

1. Approve the requested contribution of $15,558.00, subject to identifying an appropriate funding source.
2. Approve a different contribution amount toward the project.
3. Direct Administration to obtain additional information from the Rosebud Health Foundation before making a funding decision.
4. Decline the funding request.

Diagnostic Imaging Application

Alberta Health Services
Connect Care

What we are proposing:

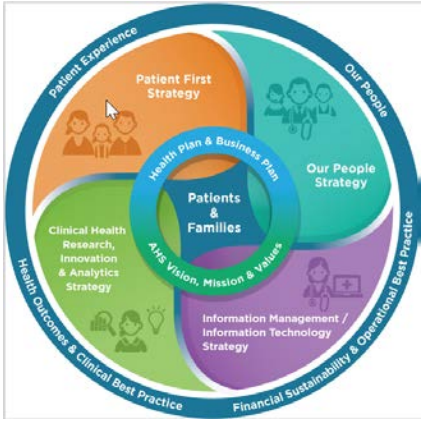

Convert current X-Ray room and Mobile to digital systems

Why Its important:

#1 Establish onsite redundancy – supporting consistent service delivery for Didsbury community

Additional Benefits

- Increased Efficiency
- Image Quality
- Dose Reduction
- Patient Care

Patient First & People Strategy

3 new Detectors

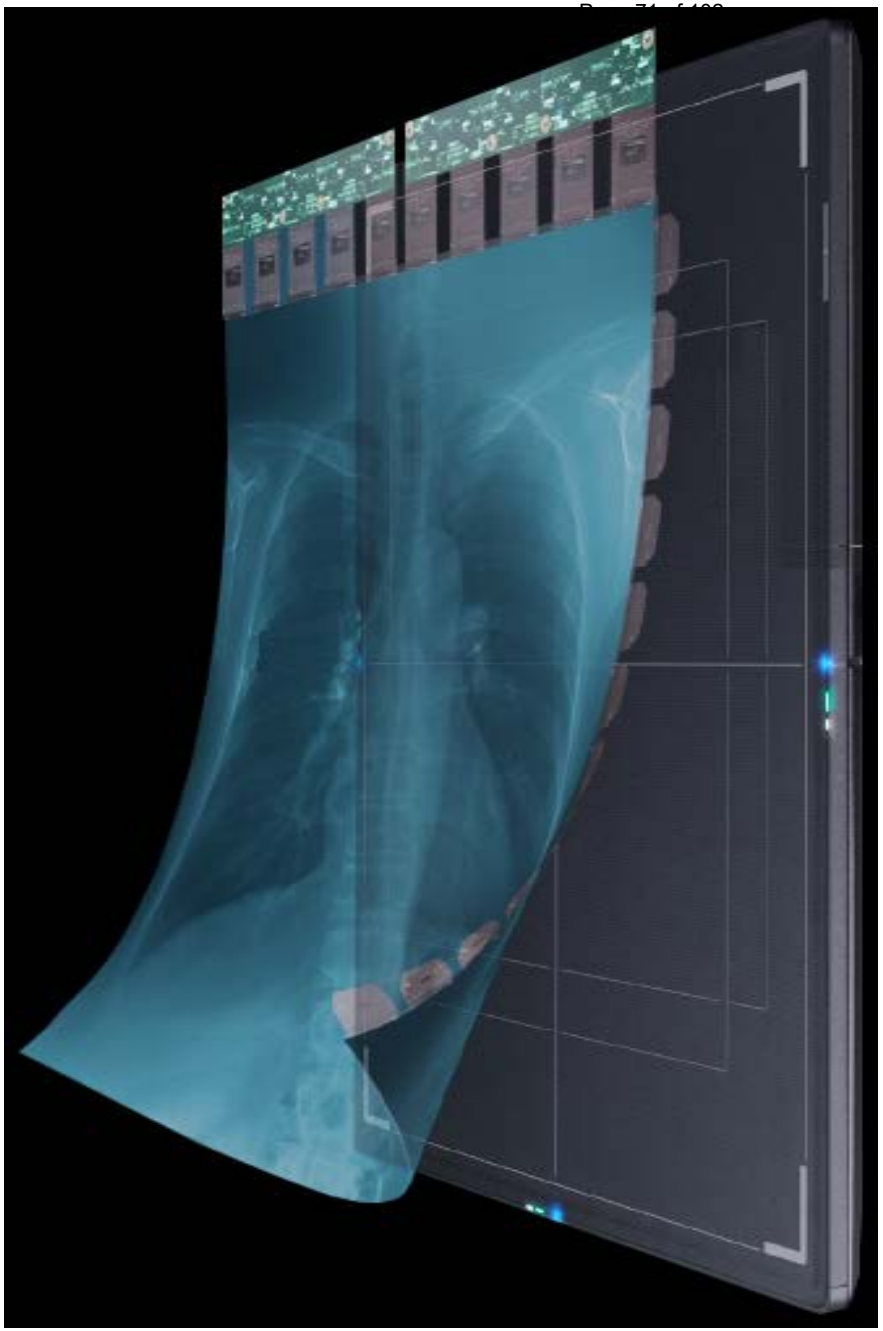

- Mobile Unit
- Standing Bucky
- Xray Table

Redundancy

- If a detector is damaged it can be swapped out with another while a replacement is ordered
- No more Downtime related to the CR Reader

Efficiency

With DR technology the images can be processed quickly, allowing images to be seen as soon as they are taken. Not only does this make patient turnaround times quicker but also allows technologists to do any repeats right away, saving patients from having to hold uncomfortable positions longer than necessary.

Efficiency comparison between Conventional mobile to DR mobile

- **Steps for Conventional mobile radiography**

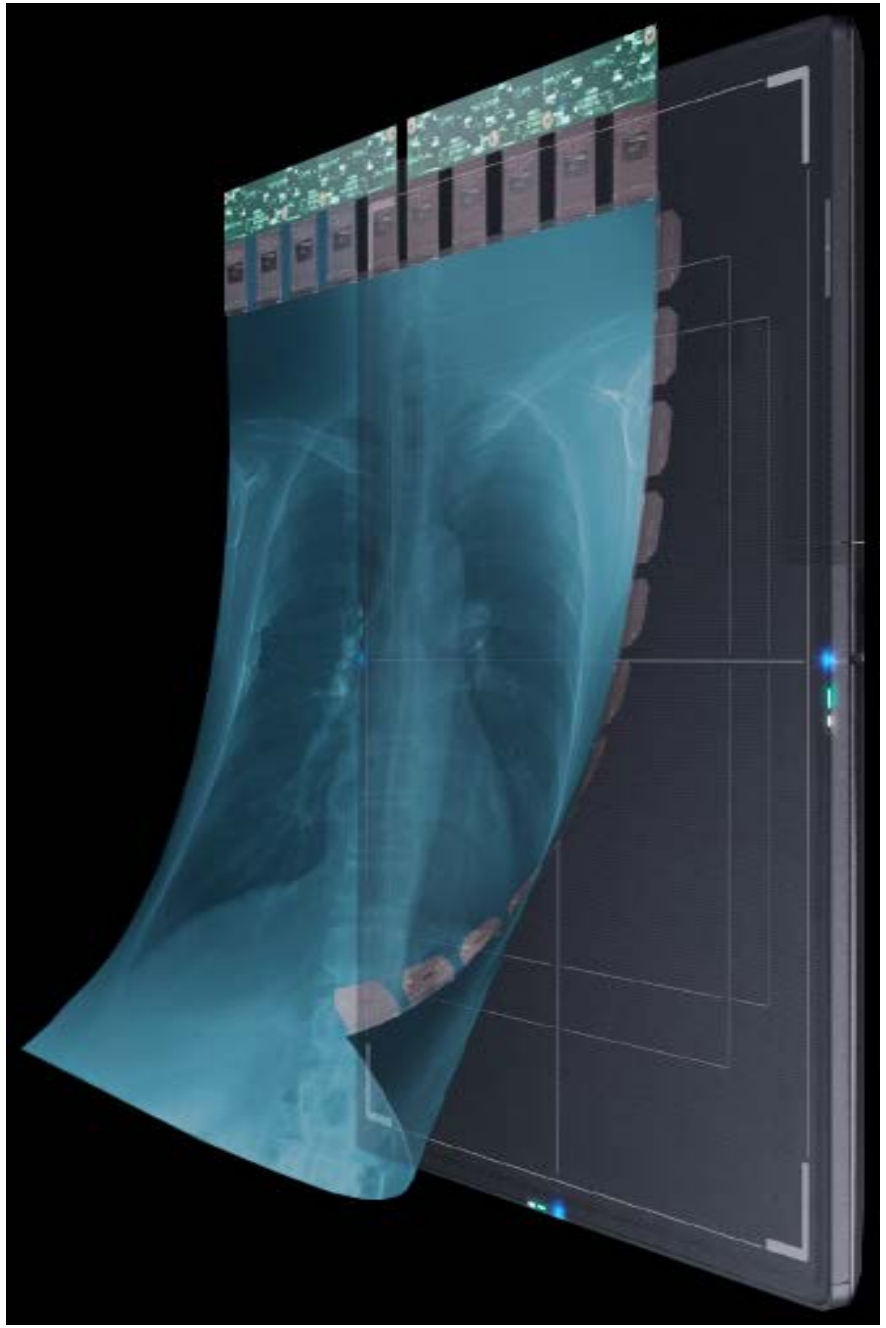

1. Erase imaging plate (IP) in the CR reader
2. Review any relevant prior images
3. Take mobile to the department to take the x-ray
4. Place cassette under the patient
5. Take the x-ray
6. Remove the cassette to go process it
7. Drive the mobile and cassette back to DI department
8. Scan and review the image on the CR console
9. Determine if a repeat needs to be obtained
10. If it does, repeat steps 3-9
11. Once image is diagnostic, send images to PEI and complete paperwork

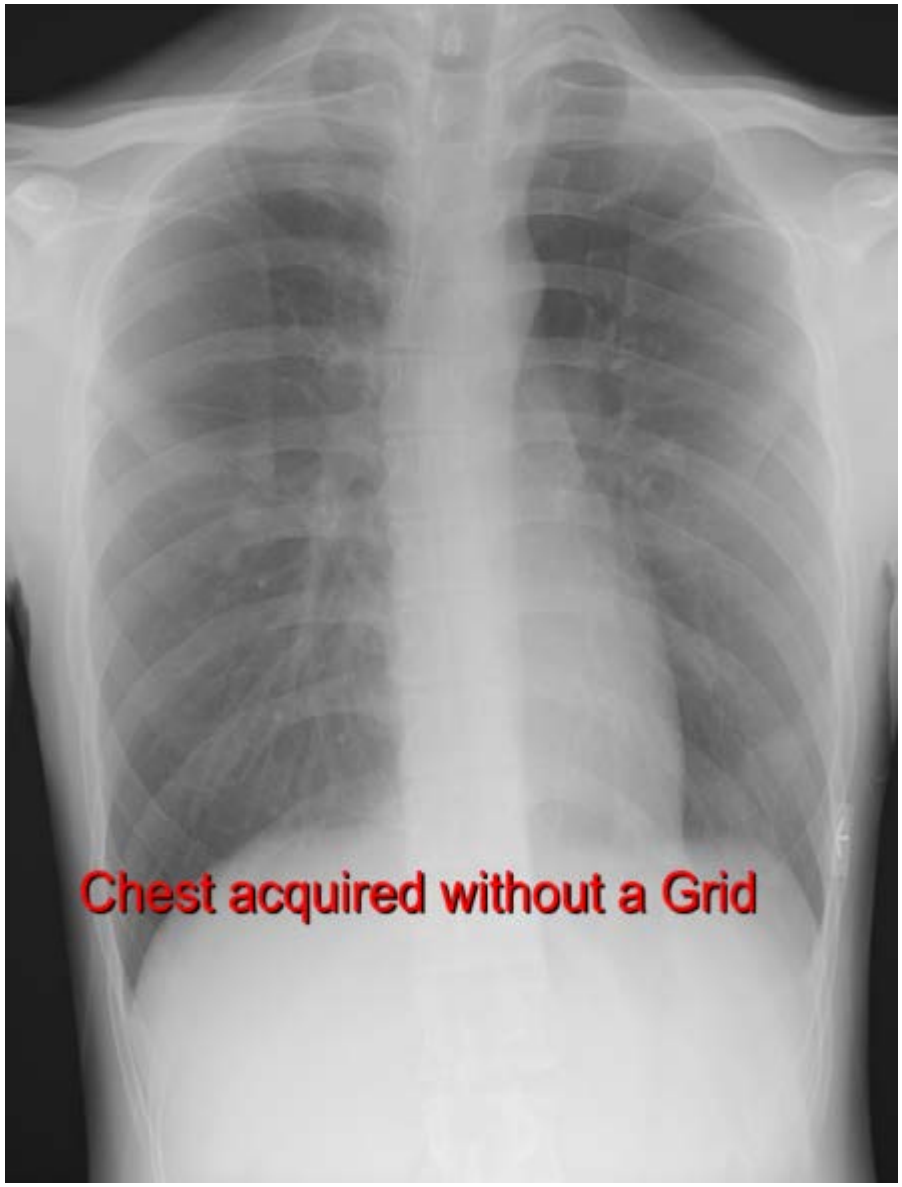

Steps for DR mobile radiography

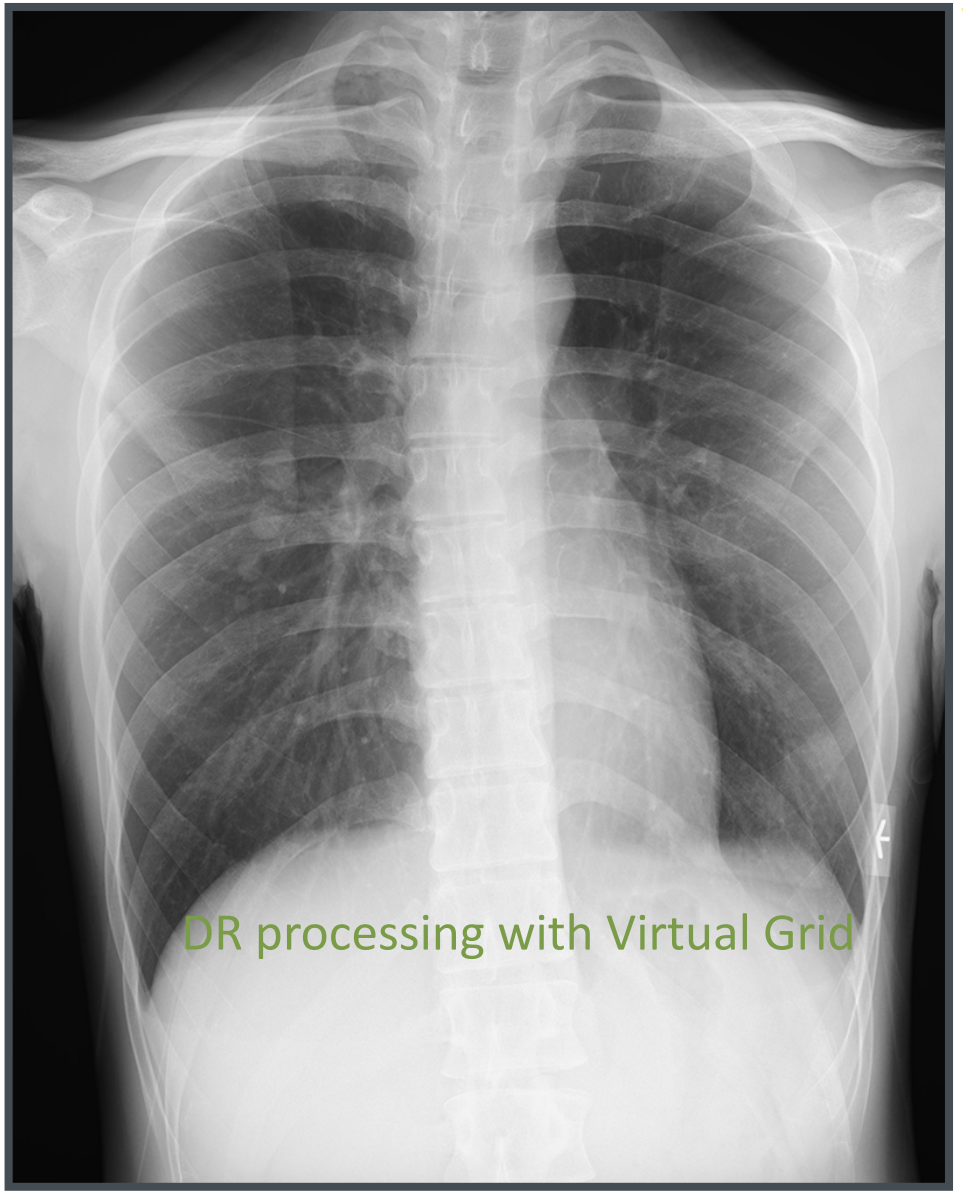

1. Review any relevant prior images right on the tablet
2. Take mobile to the department to take the x-ray
3. Place DR detector under the patient
4. Take the x-ray
5. Determine if a repeat needs to be obtained
6. If repeat needs to be taken, reposition the DR detector repeat step 3-4
7. Once image is diagnostic, send images to PEI and complete paperwork

Image Quality (IQ)

A DR detector will provide vastly superior IQ comparative to conventional imaging, with applying state of the art post processing and the use of a vendor grid algorithms.

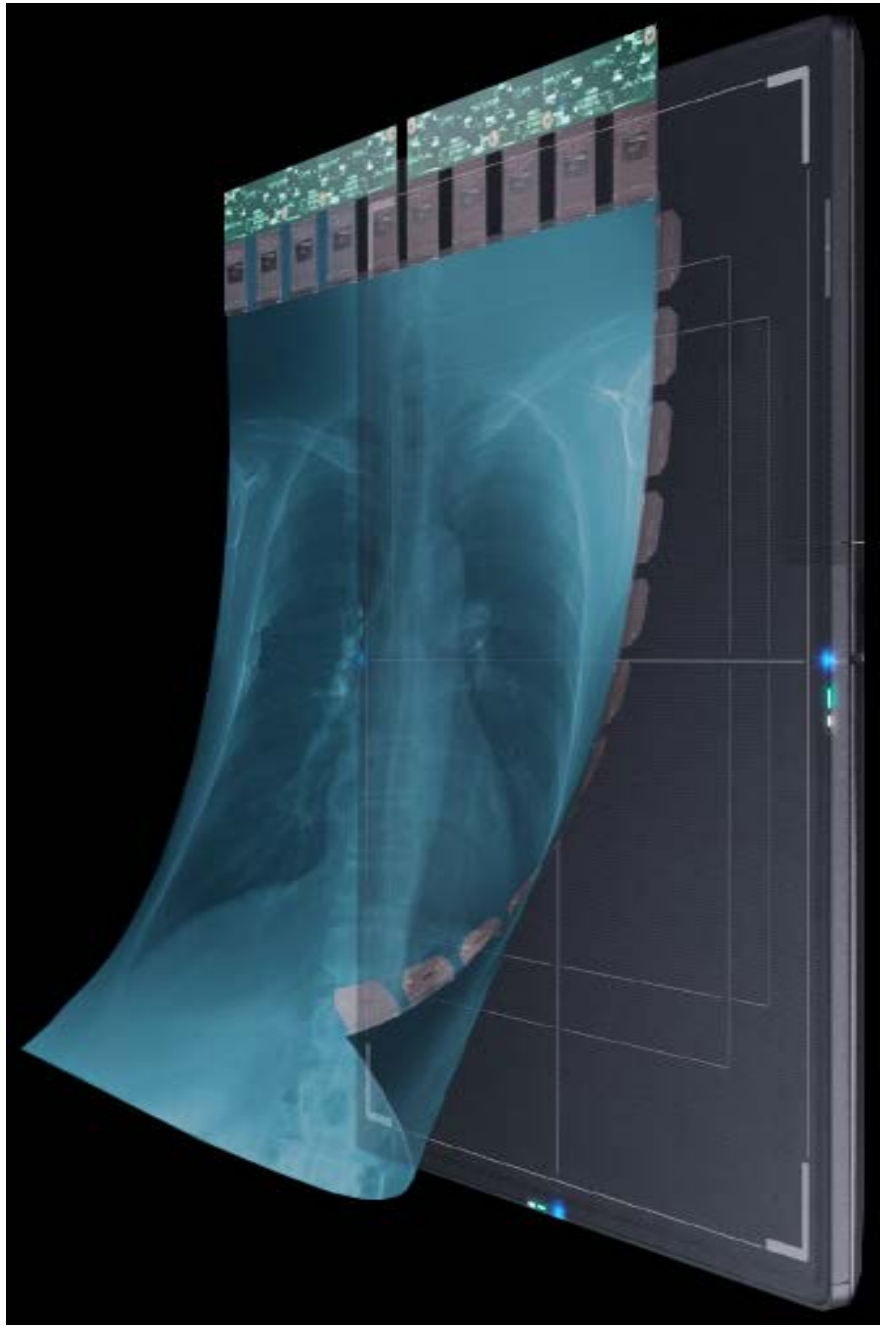

Chest acquired without a Grid

DR processing with Virtual Grid

Dose Reduction

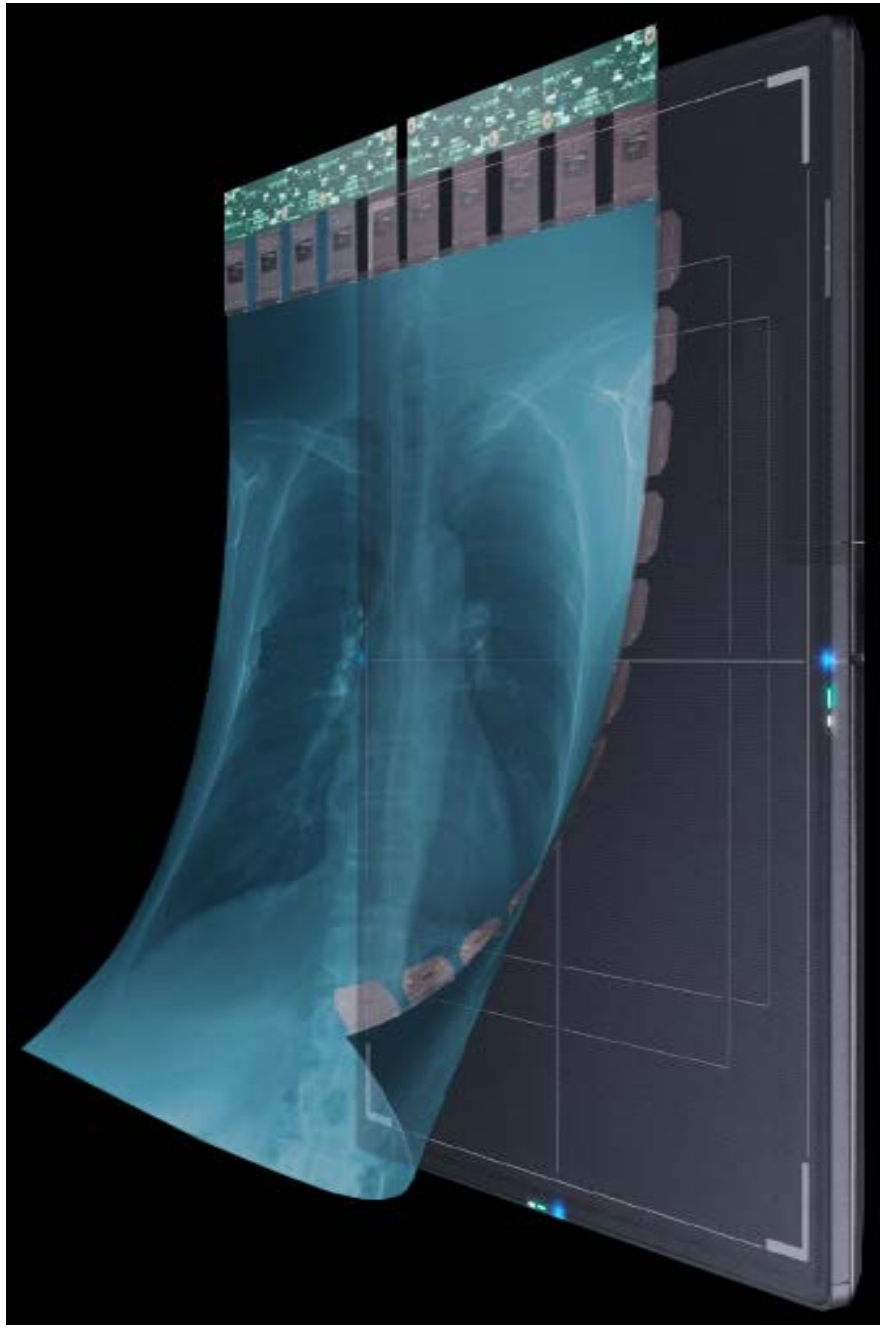

DR when optimized properly can see a dose reduction of 30-40% to the patient.

Patient Care

This includes all elements that have been discussed thought out this slide show.

- Improved efficiency for the DI technologist and the department as a whole
- Less movement with the detector under the patient, making the experience of an exam more comfortable for the patient
- Improved image quality therefore less chance of missing anything in the diagnosis
- Dose reduction is always a target within Digastric Imaging with following ALARA principles

Thank you

Carestream

Wireless Tablet Upgrade.

SMART IMAGING SOLUTIONS

Take Mobile Imaging to a New Level – with X-Factor Thinking.

With the CARESTREAM DRX-Transportable System/Universal Mobile Retrofit Kit, you can upgrade portable analog X-ray systems from almost any manufacturer to harness the power of DR wireless technology.

This innovative retrofit system integrates Carestream's DR detectors to help deliver a faster, more efficient, user-friendly workflow that facilitates fast, accurate diagnosis and treatment planning – with pristine image quality to match. This non-invasive system is easy to install, self-powered, and rechargeable, meaning you can effortlessly take your mobile imaging to the next level.

Advantages At a Glance

- Quickly and cost-effectively convert existing analog mobile systems to DR.
- It's easy to use and easy to upgrade.
- Wireless capability improves productivity and workflow.
- The system is self-powered and rechargeable.
- Choose from a wide range of available detector options.

DRX-Transportable System/Universal Mobile

The Power of DR Imaging, Easier and More Portable Than Ever.

Our DRX-Transportable System/Universal Mobile Retrofit Kit offers a smooth, affordable transition to the benefits of Digital Radiography. Breathe new life into your analog mobile equipment, boost your productivity with a wireless workflow, and improve your diagnostic confidence with enhanced image quality.

- Upgrade your existing equipment and experience the benefits of DR.
- Capture images wherever you need them most with a wireless workflow.
- Includes universal mounting hardware for the tablet PC.
- Choose from a variety of CARESTREAM DR Detector options.

Key Features

- Rugged, IP65 rating, 4-ft drop test
- Large, 14 in., high-resolution touchscreen
- Powerful Intel Core i7 processor
- Flexible design that helps revitalize mobile imaging systems from multiple suppliers
- Multiple tablet-mounting options that fit a variety of x-ray systems
- Self-powered, rechargeable, and easy to install
- Electronics that fit the existing cassette bin

Imaging Software Powered by Eclipse

Eclipse:
Harness the Power of Decades of Innovation.

Carestream's Eclipse is the engine behind our innovative imaging software. It uses AI technology and proprietary algorithms to significantly increase the value of the entire imaging chain, from capture to diagnosis.

Trusted Partner: CARESTREAM Smart Services

At Carestream, we'll be there when you need us. Our medical imaging solutions are backed by our worldwide support team of product and industry specialists – experts who work closely with you to keep your equipment up and running at peak performance. By delivering a comprehensive scope of service offerings, we provide complete peace of mind over the life of your equipment, so you can focus on what's most important – your patients.

X-Factor Thinking.

The X-Factor makes the most of your capital spending with configurable, modular components powered by the portable DRX-Transportable System/Lite and DRX Detectors. The X-Factor lets you scale your solution to fit your workflow and budget.

Industry-Leading Performance:
Meet Our Family of DR Detectors.

Our portfolio of DR detectors includes wireless, shareable, glass-free and fixed models to meet your demands based on exam type, detector size, dosage level and budget. Discover the right detector for your needs at carestream.com/detectors.

Carestream

Carestream

Clear. Consistent. Confidence.

Easy, Consistent Imaging - Today and Tomorrow.

Our new Lux HD Detectors are built to handle the needs of busy hospitals, imaging centers, and clinics to help deliver consistent, high-resolution images while enhancing workflow efficiency and streamlining the imaging process for technologists.

Their lightweight, ergonomic design combines powerful performance with a suite of advanced features, helping to ensuring consistent exposure, exceptional image quality, a more efficient workflow, and an enhanced imaging experience for both patients and users.

Advantages at a Glance

- Lightweight, glass-free, and durable design features an all-around grip for easy handling, minimizing strain on technologists and reducing the risk of drops.
- 100µm pixel pitch delivers high-definition images with exceptional clarity and fine detail.
- Carestream Detector Exposure Control (DEC) automatically adjusts exposure for optimal image quality, ensuring reliable and consistent imaging.
- Available in two sizes, 35x43cm and 43x43cm to support diverse imaging needs..

Modern Detectors for a Modern World.

For hospitals, imaging centers, and clinics seeking a more efficient, user-friendly workflow and precise, high-quality imaging, Carestream introduces the new Lux HD Detectors. These powerful detectors deliver consistent, high-definition clarity in a robust, easy-to-handle package.

Lux HD Detectors feature a sleek, lightweight design with an all-around grip to reduce technologist fatigue. Their durable construction offers exceptional protection against dust and fluids, ensuring optimal uptime and fewer imaging disruptions.

Clarity You Can Trust

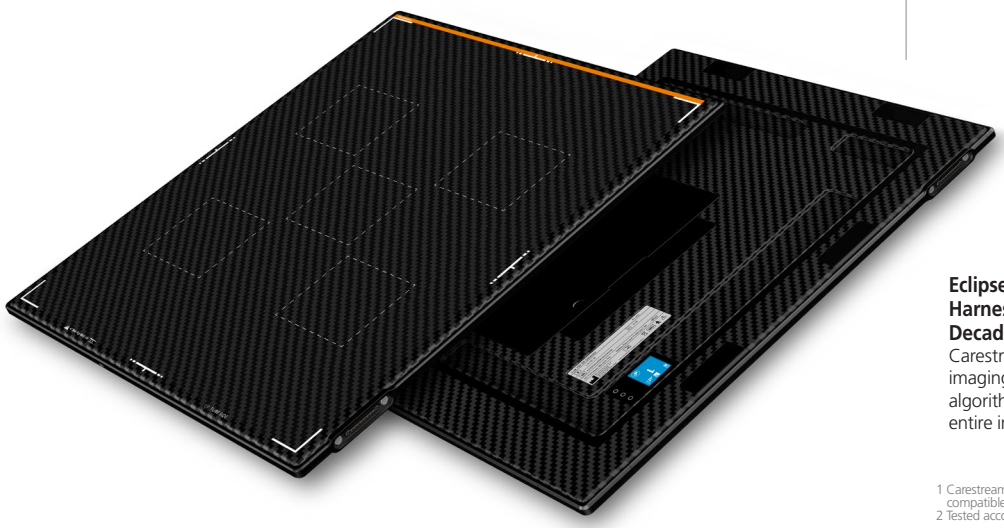

With a 100-micron pixel pitch, Lux HD delivers exceptional image clarity—capturing sharper edges, detailed anatomical structures, and subtle abnormalities with precision. This high-resolution performance supports confident diagnostic decisions and enables better care.

Advanced Technology for Smarter Imaging

Lux HD Detectors are packed with cutting-edge technology to streamline workflow and elevate imaging performance. **Carestream Detector Exposure Control (DEC)**[1] technology, integrated directly into the detector, automatically adjusts exposure settings for each exam—bringing the benefits of traditional AEC to any imaging environment to not only streamline workflow, but also deliver consistently high-quality, properly exposed images for greater diagnostic confidence.

Key features include:

- **Lightweight:** Enables easy, strain-free handling.
- **100µm Pixel Pitch:** High-resolution images with exceptional clarity.
- **Detector Exposure Control (DEC):** Ensures consistent, accurate exposure.
- **IP67 Protection:** Exceptional dust and fluid resistance.
- **1.5m Drop-Tested**[3]**:** Rugged design for reliable performance.

carestream.com/LuxHD

Everyone Benefits.

Patients

- Rounded edges and ergonomic design ensure smoother, more comfortable positioning behind patients.
- Its lightweight design makes it easier for patients to hold the detector when their assistance is needed.
- DEC ensures consistent, accurate exposure—helping reduce patient dose and minimize retakes.

Radiographers

- All-around grip provides easy handling for accurate positioning while the lightweight design reduces strain on technologists.
- DEC automates exposure settings, ensuring consistent, accurate imaging for a more efficient workflow and fewer retakes.

Radiology Administrators

- Durable, glass-free design and high IP rating ensure the detector's robustness for daily operations, minimizing downtime.
- The lightweight design alleviates physical strain and fatigue, enhancing staff well-being and satisfaction.
- X-Factor sharing enhances versatility and ROI by enabling seamless integration across all Carestream DRX equipment.

Radiologists

- DEC delivers consistent exposure across different patients and technologists, ensuring reliable image quality that simplifies reading, comparison, and pathology tracking.
- 100µm pixel size enhances spatial resolution, providing sharper, more detailed images that allow for better visualization of fine anatomical details and improve diagnostic accuracy.

Imaging Software Powered by Eclipse

Eclipse:
Harness the Power of Decades of Innovation.
Carestream's Eclipse is the engine behind our innovative imaging software. It uses AI technology and proprietary algorithms to significantly increase the value of the entire imaging chain, from capture to diagnosis.

1 Carestream Detector Exposure Control (DEC) is an optional feature and may not be compatible with all systems or configurations.
2 Tested according to MIL-STD-810G.

Not all products and functionality are available in all countries, speak to your sales representative for details on availability.

		DRX-1 In Room System	
8622797	1	**CARESTREAM DRX-1 System** The DRX-1 system offers an easy way to upgrade current analog X-ray rooms to a fully digital solution, accelerating workflow, boosting productivity, and extending the life of your existing investment. This powerful, compact, console-based retrofit can be quickly installed, minimizing downtime and speeding up your transition to an enhanced digital DR workflow. The system offers two seamless interface options: a tethered direct connect mode or an advanced beam-detect mode that requires no physical connection to your current setup. It is compatible with a wide range of Carestream detectors, enabling efficient wireless workflow and delivering exceptional image quality.	
6709836	1	**LUX HD 43** Lux HD detector is Carestream's new generation of CsI, glass-free X-ray Detector. Lux HD detector offers a 100um pixel pitch that provides a higher resolution for improved image details and allows for image magnification for better visibility of small objects and microstructures. Lux HD 43 detector is super light weight, designed with ergonomic features Lux HD detector provides improved ruggedness and IP rating. It is also designed with new technology DEC (Detectror Exposure Control) as an optional feature, which makes the dose control to be more efficient. The key specifications of Lux HD 43 are as below: - Receptor Type: Amorphous Silicon on Polyimide - Scintillator Type: CsI - Pixel Pitch: 100um - Spatial Resolution: 5.0lp/mm - Usable Pixel Pitch: 43.0cm x 43.0cm (4300 x 4300) - Communication: Wireless (802.11ax) and Wired - IP Rating: IP67 - Mechanical Dimention: 43 x 43 Cassette (ISO4090) - Weight: 2.6kg (without battery) - Heel Loading: 150kg; Distributed Loading: 300kg - Drop Height: 1.5m, tested according to MIL-STD-810G - DEC (Detector Exposure Control): Optional The key specifications of Lux HD 43 are as below: - Receptor Type: Amorphous Silicon on Polyimide - Scintillator Type: CsI

Rosebud Health Foundation

Question	Response
AHS budget item for all? or any? of this upgrade	No AHS funding
Feasibility of an additional quote	Two Upgrade options were initially reviewed • Carestream & Shimatzu • Prices were very comparable with similar solutions offered by both. We elected to move forward with Carestream primarily because Staff are used to interface (system) and have developed a good rapport with the service team
Timeline	• Once the order is placed it will be 3-6 weeks • 1 day install
Will digitizing the X-Ray equipment allow for better integration with Connect Care? If so, what are the repercussions if we continue with analog?	• No change in connect care Integration • Risk: Risk of downtime (no additional redundancy) • Added Benefits (I have included a few slides if of interest) a. Increased Efficiency b. Image Quality c. Dose Reduction d. Patient Care
What is the expected life-span of this equipment?	Current Equipment was installed in 2012 No replacement date currently When the room does get replaced in the future the new technology will be integrated with the new rooms
Would the cost of future upgrades and software updates be assumed by ACA/AHS	Repair and replacement costs would be owned by AHS and covered by the service contract All required software updates are covered
I assume if we waited for ACA to pay for this project, there would be significant delay. If the Foundation agrees to fund it, can we expect similar delays on upgrades/software unless the Foundation pays for those as well?	There is currently no date set for replacement of the Didsbury equipment I can replace/ repair the current equipment Due to cost of the DR Upgrade, it would be considered capital funding, which cannot come of service budgets

Partnership Opportunity – Digital Upgrade of the Didsbury Hospital X-Ray Room and Mobile Unit Funding Calculations

Mountain View County Population & Funding Calculation

Mountain View County had a reported population of **14,776 in 2025**. Based on a reported year-over-year population increase of **7.67%**, the estimated 2026 population is:

14,776 × 7.67% = 1,134 additional residents

14,776 + 1,134 = 15,910 estimated population in 2026

For the purpose of this funding calculation, if the County is divided into three approximately equal service areas:

15,910 ÷ 3 = 5,303 people per third

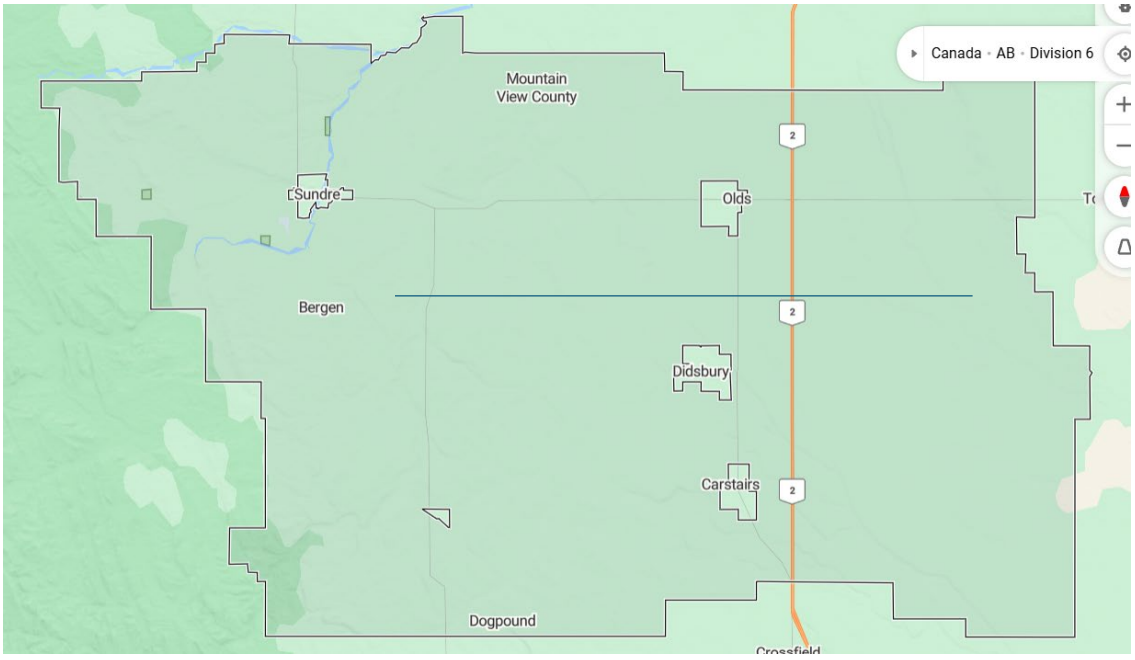

Using **two-thirds of the County's population**:

5,303 × 2 = 10,606 people

At a funding rate of **$3.00 per person**:

10,606 × $3.00 = $31,818

Reference - Mountain View County - Population

Town of Didsbury Population & Funding Calculation

The Town of Didsbury has an estimated population of **5,186 residents in 2026**.

Didsbury's population has shown slight growth in recent years. The town had approximately **5,070 residents in 2024**, increasing to **5,185 in 2025**, and is estimated at **5,186 residents in 2026**. Over the past two decades, Didsbury has grown from approximately **4,038 residents in 2001**, reflecting steady, gradual community growth.

Funding Calculation

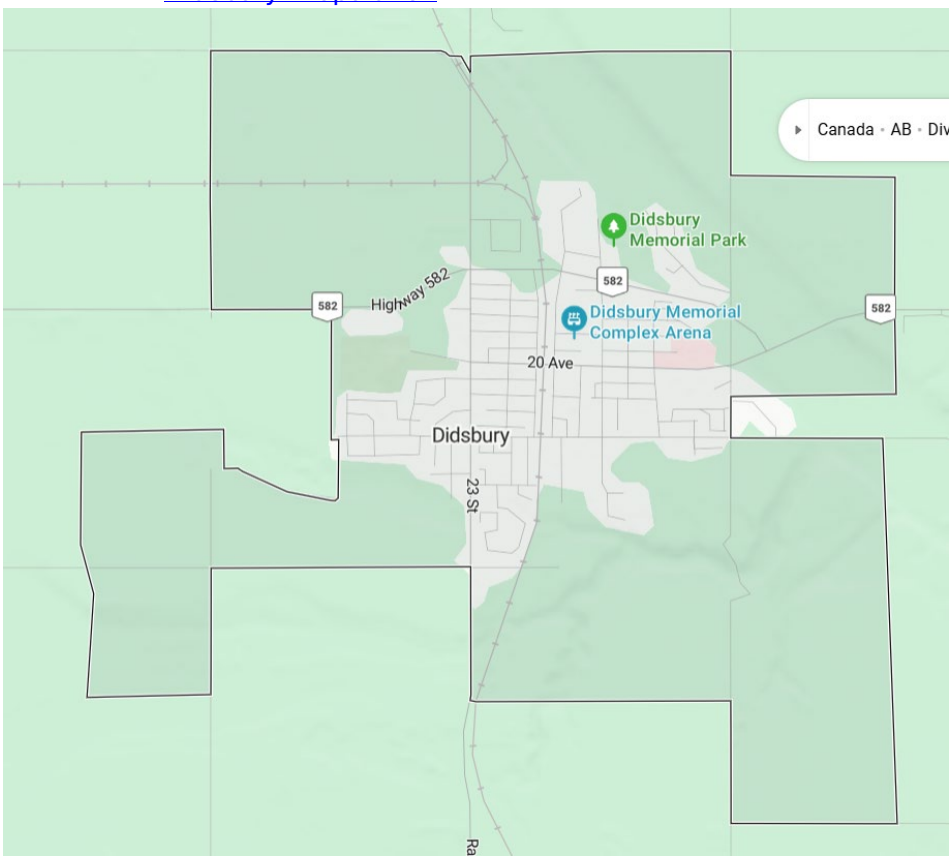

Based on the estimated **2026 population of 5,186 residents**, and a funding allocation of **$3.00 per resident**:

5,186 residents × $3.00 = $15,558.00

Estimated Funding Request from the Town of Didsbury: $15,558.00

This calculation provides a straightforward population-based funding request that reflects the current estimated population of the Town of Didsbury.

Reference - Didsbury - Population

Town of Carstairs Population & Funding Calculation

Carstairs - Population

Carstairs had a population of 5,248 in 2025. The population of Carstairs increased 0.63% year-over-year and increased 11.3% in the last five years.

5248 × 0.63% = 33 additional residents

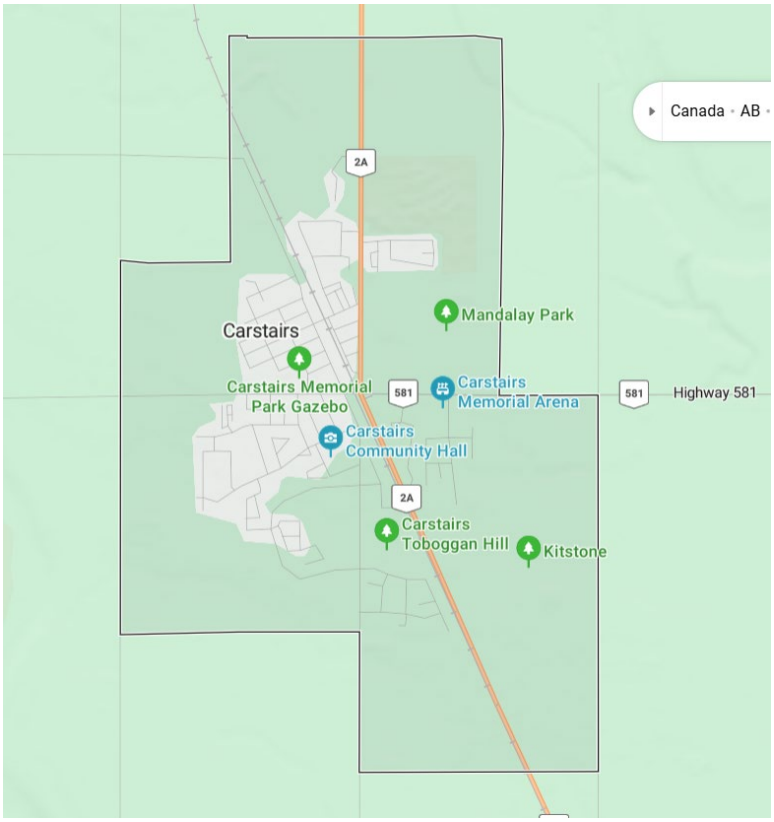

52 At a funding rate of **$3.00 per person**:

5281 × $3.00 = $15 843

5248 + 33 = 5281 estimated population in 2026

Estimated Funding Request from the Town of Carstairs: $15,843

This calculation provides a straightforward population-based funding request that reflects the current estimated population of the Town of Carstairs.

Town of Didsbury
Request for Decision (RFD)

To:	Didsbury Town Council
From:	Leonie-Arianne Becker, Legislative Advisor
Department:	Legislative Services
Date:	November 10, 2026
Subject:	Updated Signing Authorities following November 2, 2026 Organizational Meeting
Bylaw Number (If Applicable):	Not applicable.
Item Number:	7.1.2.

Recommendation(s) to Council:

That Council confirm that, following the November 2, 2026 Organizational Meeting, the Signing Authorities, for the Town of Didsbury are Mayor Little, Deputy Mayor Lambert, Vanessa Van der Meer (CAO), and Amanda Riley (ACAO/CFO).

Subject / Background:

For auditing and banking purposes, one (1) of the following is required to clearly identify the individuals who are currently Signing Authorities for the Town of Didsbury:

a) a Resolution of Council; OR

b) a Letter of Direction

Given that a Letter of Direction requires two signatures and a Resolution of Council requires a majority of Council Members, the stronger option is for Council to make a motion to confirm the current Signing Authorities.

Implications:

The Town's banking information will be updated accordingly.

Related Policies, Bylaws & Legislation:

FIN 004 – 26 Payment Authority Policy

Previous Reports/Council Decisions (If Any):

At the November 2, 2026 Organizational Meeting, Council voted, by secret ballot, to appoint Councillor Lambert as Deputy Mayor.

Town of Didsbury
Request for Decision (RFD)

Attachments:

Not applicable.

Other Options to Consider:

Council direct Administration to prepare a Letter of Direction identifying that the Signing Authorities, for the Town of Didsbury are Mayor Little, Deputy Mayor Lambert, Vanessa Van der Meer (CAO), and Amanda Riley (ACAO/CFO).

Leonie-Arianne Becker

Author

Town of Didsbury
Request for Decision (RFD)

To:	Didsbury Town Council
From:	*Vanessa Van der Meer, Chief Administrative Officer*
Department:	*Office of the CAO*
Date:	*November 10, 2026*
Subject:	Letter of Support – Central Alberta Health Workforce Strategy (NRED Program Application)
Bylaw Number (If Applicable):	Not applicable.
Item Number:	*7.1.3*

Recommendation(s) to Council:

That Council authorize the Mayor to sign the attached letter of support, addressed to the City of Red Deer, for its application to the Government of Alberta's Northern and Regional Economic Development (NRED) Program for the Central Alberta Health Workforce Strategy.

Subject / Background:

The City of Red Deer has asked Council for a letter of support for its application to the NRED Program for the Central Alberta Health Workforce Strategy. The signed letter, on Town letterhead, is due back by November 13, 2026.

Central Alberta is facing the largest healthcare workforce demand in its history, driven by two major investments in Red Deer:

Lead applicant	City of Red Deer
Funding program	Government of Alberta – Northern and Regional Economic Development (NRED) Program
Project partners	Red Deer DRIVE, Alberta Health Services, Red Deer Polytechnic, Central Alberta municipalities and economic development partners
Red Deer Regional Hospital Centre expansion	$1.8 billion; approximately 3,600 new healthcare workers required over the coming years
Red Deer Polytechnic Health and Technology Centre	About 1,000 new healthcare education seats
Letter returned to	Lesli Rentz, City of Red Deer (lesli.rentz@reddeer.ca)
Deadline	November 13, 2026

Town of Didsbury
Request for Decision (RFD)

New healthcare workers and their families will choose where to live, buy homes, enrol their children in school and spend their money. Many will settle in the communities surrounding Red Deer, and students in the expanded programs will come from, and return to, communities across the region. No single municipality can attract and keep this workforce alone.

If funded, the project will:

- Forecast the healthcare workforce the region will need and where the gaps are
- Build a talent pipeline from local education to local employment
- Develop a shared regional plan to attract and retain healthcare workers and their families
- Launch a national talent attraction campaign and expand www.workcentralab.ca
- Support recruitment for the new healthcare education seats
- Deliver an implementation roadmap that municipalities can use in their own planning

The City has noted that regional support is central to the strength of the application. A letter of support has been prepared for Council's consideration (Attachment 2).

Implications:

Financial

There is no cost to the Town. A letter of support does not commit the Town to any financial or in-kind contribution. Any future request to participate in implementation would be brought back to Council for a decision.

Benefits

- Demonstrates regional collaboration and strengthens a funding application that benefits all of Central Alberta
- Positions Didsbury to attract new residents, families and local spending tied to regional healthcare growth
- Gives the Town access to a regional workforce forecast and implementation roadmap it can use in its own planning
- Supports recruitment and retention for local and regional health services, which face the same pressures

Disadvantages

- Benefits to the Town are indirect and depend on how the strategy is carried out
- The Town may later be invited to participate in implementation, which could require staff time or resources

Town of Didsbury
Request for Decision (RFD)

Strategic Alignment

Supporting the strategy aligns with Council's priorities for economic development, community growth and regional partnerships.

Related Policies, Bylaws & Legislation:

Government of Alberta Northern and Regional Economic Development (NRED) Program. No Town policy or bylaw is affected by this request.

Previous Reports/Council Decisions (If Any):

None.

Attachments:

1. Request for Letter of Support – City of Red Deer
2. Draft Letter of Support – Central Alberta Health Workforce Strategy

Other Options to Consider:

1. Authorize the Mayor to sign the letter of support with amendments as directed by Council.
2. Decline to provide a letter of support and accept the request as information.

Vanessa Van der Meer - CAO

Author

Good morning Mayor Little,

Central Alberta is about to see the largest healthcare workforce demand in its history. The $1.8 billion expansion of the Red Deer Regional Hospital Centre will require approximately 3,600 new healthcare workers over the coming years. At the same time, Red Deer Polytechnic is adding about 1,000 new healthcare education seats through its Health and Technology Centre.

These investments will benefit the whole region, not only Red Deer. New healthcare workers and their families will choose where to live, buy homes, enrol their children in school and spend their money. Many will settle in the communities that surround Red Deer. Students in the expanded programs will come from, and return to, communities across Central Alberta. No single municipality can attract and keep this workforce alone.

To prepare for this growth, the City of Red Deer is applying to the Government of Alberta's Northern and Regional Economic Development (NRED) Program for the Central Alberta Health Workforce Strategy. This project will be led in partnership with Red Deer DRIVE, Alberta Health Services, Red Deer Polytechnic, municipalities and economic development partners. It will:

Forecast the healthcare workforce the region will need and where the gaps are

Build a talent pipeline from local education to local employment

Develop a shared regional plan to attract and retain healthcare workers and their families

Launch a national talent attraction campaign and expand www.workcentralab.ca

Support recruitment for the new healthcare education seats

Deliver an implementation roadmap that municipalities can use in their own planning

Regional support is central to the strength of this application. We are asking your Council to provide a letter of support addressed to the City of Red Deer. A template letter is attached for your convenience. Please adapt it to reflect your community's priorities.

Please return your signed letter on municipal letterhead to Lesli Rentz at lesli.rentz@reddeer.ca by November 13th.

Thank you for your leadership and for considering this request. Working together, we can make sure Central Alberta's communities share in the growth this hospital expansion brings, and that Alberta Health Services can find the people it needs.

Sincerely,

Brad Koopmans

Re: Letter of Support – Central Alberta Health Workforce Strategy (NRED Program Application)

On behalf of The Town of Didsbury, I am pleased to support the City of Red Deer's application to the Northern and Regional Economic Development (NRED) Program for the Central Alberta Health Workforce Strategy.

The $1.8 billion expansion of the Red Deer Regional Hospital Centre is expected to require approximately 3,600 additional healthcare workers. Red Deer Polytechnic is also adding about 1,000 new healthcare education seats. These are regional investments with regional impact. Healthcare workers, students and their families will live, learn, work and play across Central Alberta, including in the Town of Didsbury.

Attracting and retaining a workforce of this size will take more than any one community can do alone. The town of Didsbury supports a coordinated regional approach that brings together Alberta Health Services, Red Deer Polytechnic, municipalities, Red Deer DRIVE and other economic development partners. A shared strategy will help Alberta Health Services fill critical positions and help every community in the region benefit from the growth.

For the Town of Didsbury, this work matters because [add one or two sentences on local priorities, for example: residents who work in healthcare, housing and family attraction, local physician or nursing recruitment, or students entering health programs.

We support the strategy's goals to:

- Identify the region's healthcare workforce needs and gaps
- Strengthen pathways from education to employment
- Attract and retain healthcare workers and their families across Central Alberta
- Align municipal, education, healthcare and economic development partners around a shared plan

We encourage the Government of Alberta to support this application and look forward to working with the City of Red Deer and our regional partners.

Sincerely,

Mayor Chris Little
Town of Didsbury
